## PROFILE

Motivated and detail-oriented entry-level Data Scientist with a strong academic foundation in Python, SQL, and machine learning. Proficient in data analysis, model building, and visualization using tools like Pandas, Scikit-learn, and Seaborn. Gained hands-on experience through academic and personal projects focused on real-world applications. Eager to contribute to a forward-thinking organization by applying data-driven methods to solve practical problems and drive impactful decisions.

---

## SKILLS

- Python
  - Java
  - Machine Learning (NumPy, Pandas, Scikit-learn, Data Visualization )
  - SQL
  - C Programing
- 

## EDUCATION

### Master of Computer Application (Data Science)

Reva University | Bengaluru, India

Nov 2024 – Oct 2026

### Bachelor of Computer Application

Hemchandracharya North Gujarat University | Gujarat, India

May 2021 – March 2024

---

## PROJECTS

### Movie Recommendation System : [movies-recommendation-system.streamlit.app](https://movies-recommendation-system.streamlit.app)

Created a movie recommendation system using Python, Pandas, and Scikit-learn; implemented collaborative filtering generate personalized movie recommendations.

### SMS Spam Classifier : [sms-spam-detection0.streamlit.app](https://sms-spam-detection0.streamlit.app)

Developed an SMS spam detection system to classify messages as spam or legitimate using machine learning techniques.

### Car Price Prediction : [car-price-prediction0.streamlit.app](https://car-price-prediction0.streamlit.app)

---

## Certification

[What is Data Science? \(IBM\)](#)

[Python Foundation Certification \(Infosys\)](#)
